

Citizens of St. Clairsville, and particularly the wonderful people in the 1st Ward of St. Clairsville, I want to sincerely thank you for electing me to the St. Clairsville City Council 4 years ago, and for your continued support over the last 4 years.

Together with your support, we accomplished many things in a short time, and I am proud of all that we have accomplished together. Together we stopped the sale of our sewer and water infrastructure allowing us to apply and receive state and federal grants to upgrade our system, ensuring the ability to keep the costs of our utilities down. Together we invested in the training and tools needed to give our police officers every opportunity to be the best they can be. Together we have created a master short and long-term plan to beautify our public parks and recreation areas through foundations and grants. I am confident that these efforts will create a stronger community and will continue to lift the lifestyles of all our citizens. Together we elected Mayor Kathryn Tallman, who has a vision for the City and the heart to make it happen. And because of your support, we were able to make St. Clairsville a better place for our citizens and surrounding neighbors.

Unfortunately, my employment has necessitated my moving from the area, and can no longer serve as your city councilman.

With gratitude for our great city. Particularly the first ward. I submit my resignation as first ward city councilman effective 10/4/2021.

Sincerely,

Perry Basile
