Dear Ms. Henry:

This letter is to confirm our understanding of the terms and objectives of our engagement with the City of St. Clairsville and the nature and limitations of the services we will provide.

We will provide the following services:

Using our conversion software, Local Government Services (LGS) will compile, from information you provide, the annual financial statements of the City of St. Clairsville as of and for the year ended December 31, 2016, and issue an accountant's report thereon in accordance with Statements on Standards for Accounting and Review Services (SSARSs) issued by the American Institute of Certified Public Accountants (AICPA).

The objective of our engagement is to prepare financial statements in accordance with accounting principles generally accepted in the United States of America based on information provided by you. LGS will conduct our compilation engagement in accordance with Statements on Standards for Accounting and Review Services (SSARS) promulgated by the Accounting and Review Services Committee of the AICPA and comply with the AICPA's Code of Professional Conduct, including the ethical principles of integrity, objectivity, professional competence, and due care.

LGS is not required to, and will not, verify the accuracy or completeness of the information you will provide to us for the engagement or otherwise gather evidence for the purpose of expressing an opinion or a conclusion. Accordingly, we will not express an opinion or a conclusion or provide any assurance on the financial statements.

Our engagement cannot be relied upon to identify or disclose any financial statement misstatements, including those caused by fraud or error, or to identify or disclose any wrongdoing within the entity or noncompliance with laws and regulations.

Our engagement to be performed is conducted on the basis that management acknowledges and understands that our role is to prepare financial statements in accordance with accounting principles generally accepted in the United States of America. statements in accordance with SSARs: 1) The selection of accounting principles generally accepted in the United States of America as the financial reporting framework to be applied in the preparation of the financial statements; 2) The prevention and detection of fraud; 3) To ensure that the entity complies with the laws and regulations applicable to its activities; 4) The accuracy and completeness of the records, documents, explanations, and other information, including significant judgments, you provide to us for the engagement to prepare financial statements; and 5) To provide us with documentation, and other related information that is relevant to the preparation and presentation of the financial statements; additional information that may be requested for the purpose of the preparation of the financial statements; and unrestricted access to persons within the City of St. Clairsville of whom we determine necessary to communicate.

As part of our engagement, LGS will issue a report that will state that we did not audit or review the financial statements and that, accordingly, we do not express an opinion, a conclusion, or provide any assurance on them.

You agree to include our accountant's compilation report in any document containing financial statements that indicate that we have performed a compilation engagement on such financial statements and, prior to inclusion of the report, to ask our permission to do so.

The City of St. Clairsville remains responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America as promulgated by the Governmental Accounting Standards Board. It is therefore the responsibility of the City to be in a position in fact and appearance to make informed judgments while reviewing, evaluating, and approving the services provided under this engagement. It is also the City of St. Clairsville's responsibility to design, implement, and maintain internal controls, including monitoring ongoing activities.

To demonstrate that the City is fulfilling these responsibilities, the following safeguards will be observed. The City will designate a management level individual to be the primary contact accountable for overseeing this engagement and who will take responsibility for the appropriateness of the results of this engagement. If the City has determined that someone other than the individual with whom we worked last year will fulfill this role, the City must submit documentation to support the new designee's knowledge and capability to perform this function. We will meet with this individual bi-weekly to update our progress and to allow the individual to monitor engagement performance to ensure it meets management's objectives. This individual will perform all management functions and make all management decisions related to this conversion and compilation and will accept full responsibility for such decisions. Accordingly, this individual will review and approve all proposed adjustments before they are entered in the conversion software. Finally, this individual will evaluate the adequacy of the services performed under this engagement by the Local Government Services Section of the Office of the Auditor of State.

It is understood and agreed that the performance of this engagement by LGS will not lessen the scope and extent of the audit work to be performed by the Financial Audit Group of the Office of the Auditor of State.

All documents provided to LGS in connection with our services including financial records and reports, payroll records, employee rosters, health and medical records, tax records, etc. must be redacted of any personal information before submission. Personal information is defined as social security numbers, dates of birth, drivers' license numbers or financial institution account numbers associated with an individual. The City shall redact all personal information from electronic records before they are transmitted to LGS. This information should be fully blacked out in all paper documents prior to sending them to LGS. If personal information cannot be redacted from any records or documents, the City must identify these records to LGS prior to their submission.

If redacting this personal information impairs the ability of LGS to provide the contracted services, the City and the Auditor of State's Office will consider these exceptions on a case-by-case basis. Additionally, if redacting this information creates hardship on the City in terms of resources, recordkeeping or other issues, the City and LGS may collaborate on alternative methods of providing the City's data to LGS without compromising the personal information on individuals served or employed by the City.

As part of the annual financial report, you will be required to prepare a Management's Discussion and Analysis (MD&A). LGS assistance with respect to the MD&A will be limited to reviewing the MD&A to determine that all required topics have been addressed and to insure that the amounts presented in the MD&A match the amounts presented in the financial statements.

During the course of the compilation, from financial records and supporting documentation you provide, LGS will propose journal entries for the preparation of the basic financial statements; review records and other information to determine whether data is being gathered at the required level to permit the preparation of the financial statements; enter usable information from the prior fiscal year trial balances to the trial balances that will be used for the fiscal year being reported; and input approved journal entries into the trial balances. LGS will also discuss with you the requirements for budgetary presentations and assist in the identification of original budgetary information.

LGS assistance with respect to capital assets will be limited to explaining the information necessary for report preparation. If additional assistance in the review of policies or significant guidance related to the calculation of capital assets is required, this engagement will need to be amended.

All work papers prepared by the Office of the Auditor of State will remain the property of the Auditor of State. Accordingly, we are responsible for their care and custody. At the conclusion of the project, we will provide copies of any of the work papers you would like to have for your records. However, the work papers should not be regarded as a part of, or a substitute for, your accounting records.

If for any reason we are unable to complete the compilation of the Authority's financial statements, we will not issue a report on such statements as a result of this engagement.

It is estimated that 325 hours will be needed to complete this project for 2016. Our fees for these services will be billed monthly to the City at a rate of \$50 per hour, and the total cost is not anticipated to exceed \$16,250. If additional time or services should be necessary, we will notify the City regarding any amendment to this contract that may be required.
