

Holiday Habitat

Hosted by Belmont SWCD

Turn your old Christmas tree in to quality wildlife habitat! The trees collected will be repurposed to use as either fish or rabbit habitat.

All trees donated must be natural, no artificial trees can be accepted.

Trees can be dropped off behind the Belmont Soil & Water office located at 130 West Main St. in St. Clairsville. There will be a sign directing you where to drop off the tree.

For questions call- 740-526-0027 or email- belmontwildlife@gmail.com
